6. (Unclassified - JSW) Talked with Senator Henry Jackson's office to see if by any chance he would be in Washington the week of 26 October and whether he would be interested in addressing the Agency's Mid-Career Course. It appears doubtful that the Senator can make this but his office will advise.

7. (Internal Use Only - JSW) Talked further with Mr. Osher with George McManus to ascertain all possible steps to prevent inadvertent publication of classified matters. Osher indicated the Committee interest in the CIA aspects was completely dead and he offered to cooperate fully on the security points. See Memorandum for the Record.

8. (Internal Use Only - JSW) Talked with Emily Davis in Congressman Ogden Reid's office and learned that the Congressman had not returned to Washington but will be in town tomorrow. I indicated that if Mr. Reid had any information which he thought would be useful as a result of his meeting with [redacted] we would be happy to meet with him.

9. (Confidential - JGO) Met with Mr. Raymond Collins, Minority Staff Member, House Government Operations Committee, and discussed the report of the Foreign Operations and Government Information Subcommittee on use of the polygraph, which will be considered by the Subcommittee at its next meeting scheduled for 16 September. Mr. Collins indicated that the many objections Mr. Griffin had to the original committee report, such as statements to the effect that the polygraph is a hoax, were deleted from the preliminary drafts of the report at Mr. Griffin's request. In consequence, it does not appear at this time that a minority report will be prepared. Should further developments occur in this area Mr. Collins will keep me advised.
